

Construction of a "Living Water" health resort complex

Construction and organization of work of the “Living Water” health resort complex in combination with a workshop for the extraction and bottling of mineral and drinking water in the Mogilev region of the Republic of Belarus

About the project

- The result of the project will be a multifunctional, multi-purpose complex that combines the wealth of nature - life-giving water, clean air, the unforgettable beauty of the Belarusian nature and modern high-tech and innovative solutions that will be used both in the construction of the complex and in its equipment and its operation on the principles sustainable development.

Project concept

- Klichevsky district executive committee proposes the construction of the complex, which will be an complex of groups of objects (zones), which in turn include:
 - **"Living Water" health resort complex** (land plot area of 35 hectares, located on the right bank of the Olsa River);
 - **Sports and tourist complex "Living Water"** (land plot area 25 ha, located on the banks of the rowing canal);
 - **Water production enterprise** (three wells with mineral and drinking water, including: with mineral water - low 4 (g / dm³) and high salinity (10 g / dm³, 2), with drinking water.

Project concept

- **Solar power station** - the generated electricity will be used for the needs of the complex with the sale of surplus electricity of the energy supplying organization;
- **Agrocomplex** - an automated complex of greenhouses year-round cultivation of environmentally friendly vegetables, herbs, mushrooms and berries.

Project aim

- The total investment cost of the project will amount to **25 million US dollars**.

Project financing

Investor funds - 25 million US dollars.
