# CONSTRUCTION OF GYPSUM PLANT AT THE "BRINEVSKOYE" GYPSUM DEPOSIT

# PROJECT

The aim of the project is the construction of a gypsum plant at the "Brinevskoye" gypsum deposit (Petrikovsky district of the Gomel region), the explored reserves of which amount to 279 mln tons.

## **Project description**

Upon implementation of the project it is planned to organize mining (by the shaft method) and the subsequent processing of gypsum stones from the "Brinevskoye" gypsum deposit. The raw material of the deposit is suitable for the production of construction and medical gypsum, facing tiles, gypsum wall blocks, additives for Portland cement. For the production of facing tiles there is a possibility of preparing at the deposit a raw material base with the capacity of 1 mln tons of gypsum and 100 thous. m<sup>3</sup> of saw blocks per year. The raw material of the deposit can also be used in the production of complex sulfate-potassium fertilizers and ammonium sulfates.

## **Location**

The "Brinevskoye" gypsum deposit is located near the village of Brinev in the Petrikovsky district of the Gomel region, 11 kilometers north and north-west of the Koptsevichi railway station (located on the Brest-Gomel railway line), and 9 km from the Pripyat river.

## **Cost of enterprise construction**

from 3,5 mln EUR.

## **Cost of shaft construction (500 thous. tons of gypsum stones per year)**

from 51 mln EUR.

## **Proposals for cooperation**

- Establishment of a new enterprise.
- Establishment of a joint venture.
- Investment project financing.

## **ADVANTAGES OF PROJECT IMPLEMENTATION** **IN THE REPUBLIC OF BELARUS:**

- ✓ Availability of qualified and inexpensive human resources.
- ✓ Favorable geographical location.
- ✓ Benefits and preferences in implementation of the investment project.
- ✓ Possibility of further expansion of production and installation of additional capacities.
- ✓ Availability of raw materials.
- ✓ Possibility of products export to the Eurasian economic union countries (more than 180 mln consumers) without customs duties.

### **PETRIKOV DISTRICT:**

The territory of the Petrikovsky district is located in the western part of the Gomel region, bordered by the Minsk region. The area of the district is 2.8 thous. km<sup>2</sup>. There are 125 settlements in the district, population of which consists of 26.4 thous. people (urban/rural – 13/13.4 thous. people).

The companies of the district export abroad mainly woodworking and wild-growing products. In 2019 the export of goods amounted to 8.5 mln USD. The district also exports tourism services and health care services. In 2019 the export of services in the district amounted to 346 thous. USD.

The district is rich in mineral resources. Thus, 99 peat deposits with total reserves of 61.5 mln tons, “Petrikovskoe” deposit of potassium and rock salts, “Brinevskoye” deposit of brown coal, 3 sand deposits with the total reserves of 6.28 mln m<sup>3</sup>, 9 clay and loam deposits with the total reserves of 31.6 mln m<sup>3</sup>, 1 source of mineral water have been discovered.

# NATIONAL AGENCY OF INVESTMENT AND PRIVATIZATION

The Agency is ready to help foreign investors interested in doing business in Belarus:

- Presentation of information on investment opportunities, preferential regimes and benefits, industries, legislation.
- Provision of current information on investment projects.
- Selection and provision of information on options for land and premises.
- Search for potential partners for the implementation of the investment project; organization of meetings, negotiations with potential partners to establish cooperation.
- Providing a platform for negotiations and support for the investor during the negotiations.
- Organization of visits to the Republic of Belarus (development of a program of stay, assistance in obtaining a visa).
- Representing the interests of the investor in negotiations with government officials on the implementation of investment projects, as well as on improving business practices in the Republic of Belarus.
- Post investment support.
